REMARKS RETURN TO CIA LIBRARY

25X1X

1. About 25 single-engine aircraft and three biplanes were parked in front of the hangars at the Doeberitz (N 53/Z 65) airfield. Twelve to fifteen more single-engine planes flying individually with extended landing gear made local flights.

2. Description of single-engine planes :

In-line engine, three-bladed propeller, low-wing monoplane, tapering wings, rounded wing tips, slim fuselage with slight blister at bottom side, long glazed cockpit beginning at about leading edge of wings and terminating at trailing edge. Antenna rod on top of front part of cockpit.

25X1B 3. Truck [REDACTED] loaded with two aircraft engines left the field. Trucks [REDACTED] entered the Flieger Kaserne north of Hamburger Highway. Passenger car [REDACTED] 25X1B drove toward the field headquarters building.

25X1A [REDACTED] Comment :

The described aircraft are probably IL-10s. According to previous information, it is assumed that two ground attack regiments of the 2d Gds GA Div equipped with about 70 planes are stationed in Doeberitz.
